**Dear Members** 

#### STUDY TRIP 2017 TO CHINA: Sunday 15 - Sunday, 22 October 2017 (8D/6N)

Greetings! We are pleased to announce our long haul study trip for 2017 to CHINA, specifically to Beijing and Shenyang.

Most malls have their own unique selling points(USP) and may specialize in entertainment, lifestyle and flamboyant mall designs etc.

#### Thumbnails of a selection of BEIJING/SHENYANG SHOPPING MALLS

#### **BEIJING**

#### 1 **APM**

#### 3 China World Mall

Located at Chaoyang District, one of the most prosperous districts in Beijing, China World Mall is an integral part of China World Trade Center. It first opened in 1990 and underwent expansion in 1997 to relaunch as China World Mall in 2000. It features over 300 specialty shops with a total size of 100,000 sq m GFA and 50,000 sq m of leasable area. There is also an ice rink with a total ice surface of 800 sq. m.

#### 5 Seasons Place

#### 6 Parkview Green Fangcaodi

This is Beijing's futuristic mall in the heart of the CBD, an intelligent building that sets new standards in both form and function. Parkview Green's vast urban pyramid is a potent symbol of a new way of thinking, made up of 4 buildings, incorporating 200,000 sq m of office, conference, hotel, retail and leisure space which are designed with atria spaces, sky-gardens, terraces, link bridges, and together are shielded away from the external environment.

Parkview Green is being hyped as the most energy efficient building in China, designed to maximize energy efficiency by maintaining its own "microclimate," reducing (though not eliminating) the need for air-conditioning. An elaborate engineering system allows for the building's sloping roof to be "opened" ever-so-slightly, allowing fresh air to circulate and stop the temperature from getting too high. With its opening in 2012 and winner of several green building awards, the loftier goal is for Parkview Green to set a green example for the surrounding community to follow.

The mall at Parkview Green features multiple floors of shopping, ranging from fast fashion brands to highend luxury labels. There are various art pieces currently scattered around and a huge bridge running right through the center of the place.

#### 7 Xidan Joy City

13-storey Joy City comes equipped with the world's longest escalator (from F1 to F8), the largest digital cinema in China, the largest cosmetic shop in Beijing and a host of international designer stores. The shopping centre itself stands out with its unique glass frontage incorporating many interesting angles across its face.

Once inside you will be amazed by the huge voids decorated in a variety of themes as they stretch up upwards. Above the 7 floors of retail space, the building then provides apartments and hotel accommodation.

#### **SHENYANG**

#### 1 Zhongliang Joy City Mall

The mall is a super-big shopping centre providing leisure, dining, and entertainment, which is funded and built by the state-owned enterprise, China Oil and Foodstuffs Corporation. The two buildings of the mall are connected by a flyover. Many famous brands choose Joy City Mall as the place to open their first branch in Shenyang, such as ZARA, MUJI and Haidilao, etc. Now Joy City Mall, together with the big screen, the coffee houses, the leisure promenade and those sculptures in its neighbor square, has become a new place to go for relaxation and entertainment. The Xingmei theatre can accommodate 1,400 people and is one of northeast China's largest and most luxurious. Joy City also has a comprehensive bookstore and an indoor ice skating rink.

#### 2 MixC Shopping Mall

Opened in 2015, it is not only a shopping centre but also a life centre. There are lots of entertainment including the best cinema in town on the 3rd floor together with many restaurants. On the 2nd floor, there are childrens' shops from entertainment to education, from kids fashion to sports. 1st floor has local and international fashion together with a huge french hypermarket.

It has a glass roof top which lets the natural daylight indoors which makes people feel more comfortable and relaxed. In total, MixC represents 125,000 sq m of retail, a 65,000 sq m office tower, 105,000 total sq m of residential towers, 24,000 sq m of meeting space and a five-star Grand Hyatt hotel tower.

#### 3 Forum 66

Opened in 2012, this 861,240 sq m complex is located on a prime site on Qingnian Da Jie, known as the "Golden Corridor" which runs through the heart of Shenyang. The development comprises construction of a 360m high mega office tower, 34-storey hotel & service apartment twin tower, an exhibition centre, a 4-level basement retail and car park and a 4-level retail podium.

The mall was awarded several green and building awards

#### 4 Star Mall Shenyang Plaza

Star Mall, the US\$250 million joint project was opened in 2014. The 325,000 sq m shopping centre includes 128,000 sq ms of gross leasable area and is located in the city's Tiexi district.

Developed by Turkish conglomerate Fiba Holding, Star Mall Shenyang Plaza was co-invested by the State General Reserve Fund of the Sultanate of Oman. The project is said to be the largest Turkish investment in China to date.

The mall features shops from seven different brands belonging to Spain's Inditex, including Zara, Zara Home, Massimo Dutti, Bershka, Oysho, Pull and Bear and Stradivarius. The mall includes a 12 screen multi-plex from China's Huayi Brothers, as well as the first hypermarket opened in Liaoning province by France's Auchan.

Other brands opening the new development include The GAP, H&M, Only, and Vero Moda.

In addition to the mall, the project includes a 45,000 sq m office tower invested by Malaysia's KH Group
